

I am sending you a comment regarding LPFM and the possibility of that service eliminating a radio station I currently listen to and financially support. K-Love is a station that plays more than just music, it is positive and encouraging to its listeners. If my radio station were to be removed in place of a LPFM station to me it would be a great loss to Idaho Falls and the surrounding community. There are not a lot of radio stations around that are good for children all the way up to adults. Please do not take K-Love off the air in place of a LPFM station. Thank you for your time.
